Auto-control Water Distiller LX8010AWD

Email: info@labdex.com **website:** www.labdex.com

Description

Auto-control Water Distiller LX8010AWD is an automatic control electrical floor mounted single reservoir distillation unit. Stainless steel construction aids to produce germ-free distillate. Equipped with narrow piping to connect to heater column to heat exchanger for optimal distillate quality and exhaust vent to provide an outlet for odor or gases to be released without causing contamination. Corrosion-proof reservoir.

Specifications

Water Output	≥5 L/H
Consumption	5 KW
Power Supply	AC 110/220V, 50/60Hz
External Dimension (Dia.*H)mm	310 x 740 mm
Package Dimension (W x D x H)	360 x 360 x 820 mm
Gross Weight	8 kg

Features

- Constructed stainless steel material
- Electrical floor mounted single reservoir distillation unit
- Corrosion-proof reservoir
- Gas/stench exhaustion vent

Applications

- Used to produce industrial grade highly treated and distilled water suitable for laboratory usage in laboratory, organic chemistry lab, fermentation and medical industry etc.

71-75 Shelton Street Covent Garden, London WC2H 9JQ UK.
